

SPE AUTOMOTIVE TPO GLOBAL CONFERENCE

OCTOBER 4TH THRU OCTOBER 7TH, 2009

Best Western Sterling Inn • Sterling Heights, MI

DETROIT

CONFERENCE 2009[®]

CALL FOR PAPERS:

ABSTRACT DEADLINE ~ APRIL 24TH, 2009
COMPLETED PAPERS ~ SEPTEMBER 1ST, 2009

Be part of the SPE automotive Global Convergence. This premier conference draws some of the world's most knowledgeable decision makers and industry experts who share their perspective and ground breaking developments in one of the world's fastest growing polymers.

TPOs have become an essential part of the automotive industry's quest for versatile, economical, lightweight materials that meet the increasing challenges of the automotive industry.

Last year's conference attracted over 420 professionals sharing leading edge polymer and application technologies. This year's annual conference is expected to be even larger and includes a special session on Advance Process Control and Troubleshooting for Injection Molding to achieve competitive advantage in the global market.

The following sessions are planned. Abstracts must be submitted to session moderators by April 24, 2009.
